**Be a 6th Grade Mentor**
1250 Penn Ave, P.O. Box 735, Pittsburgh, PA 15230-0735

Opportunities include:
- Volunteers in The Be a 6th Grade Mentor project provide mentoring services to sixth grade students in Pittsburgh Public Schools. Mentors are assigned to a United Way partner/mentoring agency and a specific school. Mentors are screened by the assigned mentoring agency and the assigned school. Supervision is provided by the assigned mentoring agency.

---

**Big Brothers Big Sisters**
5989 Penn Circle South, Pittsburgh, PA 15206-3828

Opportunities include:
- In the Site-based Program: volunteers offer children individualized time and attention on a consistent basis, with the venue being the child’s school rather than the community. Teachers identify those children who can most benefit from an extra caring adult in their lives. Volunteers and children meet regularly during the school year – each week for about an hour – utilizing the resources available within the school: computer labs, the library, the gym, a classroom, or the schoolyard.
- In the Community-based Program, BBBS volunteers provide children and youth – our “Littles” - individualized time and attention on a regular basis, typically two to four times a month, for three to five hours. During unstructured weekly or bi-weekly outings, filled with conversations and shared activities, they develop a relationship that helps youth manage the everyday challenges that are part of “growing up.” During the time with their Big, children gain new skills, explore new interests and test behaviors that expand their experience base beyond their family or neighborhood.

Children’s Institute
1405 Shady Avenue, Pittsburgh, PA 15217

Opportunities Include:

- Providing assistance in instructional and recreational programs, either during the day or in the evening in the swimming pool areas.
- Spending time with young patients, providing companionship or assisting with therapy programs in various units of The Hospital.
- Acting as a classroom aid, fulfilling a variety of needs in The Day School.
- Assisting in the pediatric physical, occupational or speech therapy departments. This is a great opportunity for college students studying special education. Volunteers may help with everything from programming computers to working hands on with the children.

**CMU- Physics Concept Program**

Opportunities include:

- In response to the lack of African American students entering science fairs, this program serves Pgh public school middle school students that come to CMU to work with Undergrads on science projects. In 2011-2012 twenty-nine 7th and 8th grade students from Colfax ALA have completed science projects and registered to present their projects at the PJAS science fair on Feb 4, 2012.

**The Pittsburgh Project: Volunteer Tutors**

2801 North Charles Street, Pittsburgh, PA 15214

Opportunities include:

- During our afterschool programs, our volunteer tutors assist one or two students to complete their daily assigned homework. Tutors may also help students work on supplemental materials to strengthen basic skills in math, reading and spelling. Tutors serve for one or two hours a day, one day a week, for a semester. They typically work one-on-one with young people. They serve in classrooms of 10-15 students, led by teachers on our staff.

**Upward Bound**

Opportunities include:

- Upward Bound is recruiting University of Pittsburgh students who are at least in their sophomore year to tutor area high school students during the academic school year. If you are looking for an exciting and rewarding position, consider being an Upward Bound tutor. Tutors choose from a variety of subjects, including English, Science, Foreign Language, and SAT preparation, as well as many other courses. Upward Bound offers a flexible tutoring schedule with afternoon and evening hours that should fit most schedules.
