EFOP 2056	Program Assessment in Higher Education		
Elective:	_____		
TERM 4: SPRING			
EFOP 2140	Higher Education Capstone Seminar		
Elective:	_____		
Elective:	_____		

SUMMERS

No courses are required. Higher Education courses are not offered during the summer. It is suggested that you pursue a summer internship to gain additional experience in a functional area outside of your academic year internship. In the past, students have pursued internships through professional associations like ACUHO-I, NODA, or NASPA.

ELECTIVES

- Students select electives among those offered by the higher education program; it is required that 3 of the 4 electives students complete must be higher education program offerings.
- If desired, students may also take one course outside of the higher education program that is offered within another program with the Educational Foundations, Organizations, and Policy (EFOP) department or a different department within the School of Education.
- Your advisor needs to approve your elective choices to ensure that they count toward degree requirements.
- You can learn about the steps required for self-registration at <https://www.registrar.pitt.edu/students/enrollment>.
